

BIOLOGY

A LEVEL

COURSE TITLE

A level Biology

EXAM BOARD

OCR

METHOD OF ASSESSMENT

Examination

KEY TOPICS

Foundations in biology
Exchange and transport
Biodiversity, evolution and disease
Genetics and ecosystems
Communication, homeostasis and energy

COURSE HIGHLIGHT

Biology is the science of life. Our students enjoy the variety they experience from dissecting organs and investigating processes at a molecular level, to understanding the courtship behaviour of the bowerbird, to learning how microbes could solve world environmental problems!

CAREER LINKS

Pharmacist
Toxicologist
Petrochemical business Development Manager
Lab technician
Virologist
