Examination and coursework.

KEY TOPICS

Germany 1918-1945

Tudor England

Russia 1855-1965.

COURSE HIGHLIGHT

We are all living through history and what happens will determine our future in the years to come. In A-level History, our students study 3 topics, Germany, Tudor England and Russia.

Following the study of Germany, our students have the opportunity to see this living history first hand on our trip to the German capital, Berlin. It really does make what we have learnt a reality.
