BTEC Diploma in Health and Social Care Level 3

### **EXAM BOARD**

Pearson Edexcel

### **METHOD OF ASSESSMENT**

8 Units - 3 externally examined and 5 internally assessed via coursework.

### **KEY TOPICS**

Human lifespan development

Working in health and social care

Research methods

Meeting individuals care and support needs

Safe practice

Promoting public health

Sociology

Supporting individuals with additional needs

### **COURSE HIGHLIGHT**

Our course enables our students to develop into health and social care practitioners through the different and diverse units that they study. Seeing what our students can achieve and the destinations that they go onto with our course is amazing. They are just some of the nurses, midwives, teachers, radiographer, carers and physiotherapists of the future.
